

Dear Feedback Network member,

Last year the Performance Measures Coordinating Committee (PMCC) was formed to develop a statewide core set of performance measures, as directed by legislation (E2SHB 2572). The committee was tasked with identifying methods of measuring and monitoring both the quality and cost of care in Washington State.

Based on input from three technical measure work groups and public input, the committee developed a “starter” set of 52 measures. Along with this set of measures they produced a plan for the ongoing evolution and evaluation of the core measures. You can view the full set of measures and ongoing plan at the Healthier Washington website at: [http://www.hca.wa.gov/hw/Pages/performance\\_measures.aspx](http://www.hca.wa.gov/hw/Pages/performance_measures.aspx).

The PMCC will convene its first meeting of 2015 Friday, June 26, 2015, 9:30 am – Noon at the Puget Sound Regional Council, 1011 Western Avenue Suite 500, Seattle. The public is welcome to attend, either in person or via webinar. Please note, physical space is limited and is available on a first come, first served basis.
